It has not. I spoke with Yehuda yesterday and he was looking for the address for where to ship the unit. My understanding is that it's going to the T&E facility so, im assuming Jim will be the POC for delivery and can give us the address?

I presume this is more in Sarah's wheelhouse. This was not raised on the call yesterday. Has the unit arrived in Cincy?

Mike and Sarah,

Jay and I spoke with Yehuda last week and he was asking to have the subject documents updated to reflect the US-based personnel and addresses. I thought that's what we'd included but, at some point, the Israeli address(es) were written back in. Can we do an amendment to have those addresses updated?
